[Simmons, 114] The Throat Chakra is the voice of the body, a pressure valve that allows the energy from the other chakras to be expressed. If it is blocked or out of balance, it can affect the health of the other chakras. In balance, it allows for the expression of what we think and what we feel. We can communicate our ideas, beliefs, and emotions. [Simmons, 114] The Throat Chakra is the voice of the body, a pressure valve that allows the energy from the other chakras to be expressed. Jan 07, 2021 · Out of these 114 chakras, two are outside the physical body. Of the remaining 112, only 108 can actually be worked upon, the remaining four just flower as a consequence. The number 108 has manifested in the human system because it is a significant number in the making of the solar system. For example, while in the West we virtually only hear of seven main chakras, there are actually reported to be over 114 such energy centers in the body. Another key misconception is that the chakras have a definitive location in the physical body. In actuality, the chakras deal with the subtle body, or energetic body.
